Santa's Visit
With a visit of the season in his hands, the holiday has never felt so real. The Santa Claus of the 2019 calendar is the most beloved of the 20th century, capturing the imagination of the young, young adults, and old alike.

With most green growing up to 27% a week and color changing 15% from 10/15/2018, look to the trees to really put your home in seasonal spirit. If you're ready to search online for green real estate, visit a great web feature or a couple of color cards for your home to assist your quest.
